Contract review

Synthetic sample for workflow evaluation. No live system was accessed and no operational action was performed.

Prepared result

CT-804 · structured review

2 issues requiring negotiation

Clause references retained

Status: revision requested

Source records

- Agreement CT-804 · supplier services
- Term: 24 months
- Renewal notice: 30 days
- Liability: uncapped

Reference context

- Guidance: 60-day renewal notice
- Liability position: review required
- Template version: CL-07

Validation

- 30 days is below 60-day rule
- Uncapped liability requires review
- No automatic contract acceptance

Human decision

- Counsel sees clauses and references
- Request revision to two clauses
- Retain negotiation ownership

Execution evidence

Input → AI interpretation → reference lookup → exact validation → human decision → prepared output.

This website fixture demonstrates the proposed output structure. It is not a native NodeFox audit export, a customer outcome or a legal determination. Recorded-state inspection does not repeat model calls or external writes.
